To whom it may concern:

“Mr. Hutchins has been a web designer, and has developed content for multiple websites I own for over 20 years.

www.ApprovedMedicalCeus.com and www.GuardianPharmacyCe.com are just two of the websites that he has developed for my corporation.

He is a professional individual, dedicated to his work, and very talented. Over the years, he has been an important part of the success of my online corporations.”

Sincerely,

David Lee
